Congratulations RGG, Justin A., and Aaron Szasz who were the first three to submit the correct answer to last week's puzzle on our website (<http://puzzle.berkeley.edu>).

The Campus League of Puzzlers is a group of students and alums who enjoy writing and solving puzzles. Our main event is the annual Berkeley Mystery Hunt, a 12 hour puzzle solving competition for teams of up to 10 people. This year's hunt will be Sunday, May 4; we'll have more information for you as that date nears.

The goal of this column, which runs in the Daily Cal and on our Facebook page each Thursday, is to introduce you to a wide variety of puzzles. The solutions to each of the puzzles will clue a single letter of

the English alphabet. When you've solved the puzzle, visit our website to confirm your answer.

This week's puzzle is called a Dropquote. (The puzzle is rotated 90 degrees due to space constraints.) To reveal the hidden phrase, the letters in each column above the puzzle must be "dropped" into the correct box in that column. Remember, your final answer will be a single letter.
