

# Reorientation

---

The first page is a grid that matches the pattern of squares on the outer border of the Springer Gateway plaza. This grid assigns each square a letter. The second page has a series of boxes, each containing an arrow and a few letters. The letters correspond to letters in the phrase SPRINGER MEMORIAL GATEWAY, which is on the outside border of the circular plaque in the center of Springer Gateway. Using the letters shown to orient the arrow, then taking the letter in the square that it points to gives the phrase MACARONI OR JOINT. The answer is then **ELBOW.**
